

Block RAN1

The RAN1 block returns a uniform random deviate between 0.0 and 1.0.

Name	RAN1
Function	fb0032
Inputs	0 ... [1]
Outputs	1
Parameters	0 ... [1]
Strings	0
Group	S

Inputs	1	Block number n_b of a predecessor (optional)
Outputs	1	Uniform random deviate $x \in [0,1]$
Parameters	1	Initialization I_{seed} of random number generator, set to 1536 by default; the sign of I_{seed} is ignored
Strings		None

ran1.vseit

In a **DO** 1000 clicks are generated by the parameter setting. For each click the **RAN1** block generates one uniformly distributed random number.

The output of the **DO** block and the output of the **RAN1** block are then plotted by the **PLOT** block.

See also Block **GASDEV**.
