| Name       | STOP   |
| Function   | fb0060 |
| Inputs     | 1      |
| Outputs    | 0      |
| Parameters | 0      |
| Strings    | 0      |
| Group      | S      |

Inputs

1 Any input signal  $x$

Outputs

None

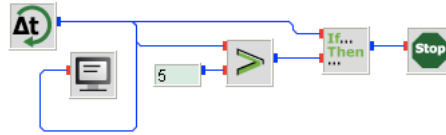

Parameters

None

Strings

None

stop.vseit

A **CYCLEF** block opens an endless loop with a sleeping time of one second. The **GT** block checks whether the output of the **CYCLEF** block is greater than five. If yes, the **STOP** block terminates the execution, as can be seen from the **SCREEN** block's output.
